

Food Safety Policy Statement

The Policy of IMCO Premium Foods is to:

- Implement and maintain a food safety management system that complies with the requirements of I.S. EN ISO 22000:2018.
- Comply with all relevant legal requirements.
- Provide sufficient resources to the Food Safety Management System to ensure its ongoing, satisfactory performance. Ensure competencies related to food safety.
- Demonstrate, by adherence to written procedures and maintenance of records, that due diligence has been observed during the intake, storage, repacking, blending and delivery of products.
- Make all employees aware of the Company's commitment to food safety and quality and their responsibility for it.
- Establish adequate communication; either external with suppliers, regulatory bodies and customers or internal throughout the organization.
- Monitoring compliance and effectiveness of standards set through our Food Safety Management System, driving and embedding a quality, food safety and customer service culture within the organisation.
- Place particular emphasis on the need to meet customer requirements.
- Set achievable, measurable food safety related objectives.
- Continually improve the effectiveness of the food safety management system, with a view to enhancing customer satisfaction.
- Seek to become the preferred supplier to our customers through sustained improvement of quality in all aspects of our business, such that our quality becomes a competitive advantage.
